Initial Project Description
Scene-1: Lakeside Park Objects: 1. Green Grass Field 2. Park Road 3. Park Bench 4. Lamp Posts 5. Trees 6. Ferris Wheel 7. Ferris Cabins 8. Lake 9. Wooden Boat 10. Cabin on boat deck 11. Wheels covers on boat Animations: 1. Ferris Wheel rotates anticlockwise 2. Ferris Cabins rotates anticlockwise 3. Lamp lights grey to golden 4. Boat moves left to right Mouse Interaction: 1. Left Click to Ferris Wheel start 2. Right Click to stop Keyboard Internation: 1. "H/h" speed up Ferris 2. "L/l" slow down Ferris 3. "B/b" boat start 4. "N/n" boat stop Scene-2: Sadar Ghat Objects: 1. Sky Background 2. Sun 3. Clouds 4. Buildings / Houses 5. Road 6. Cars 7. Bridge 8. Terminal

9. ship
10. Water (River)

Animations:

1. Clouds move continuously
2. Cars move in opposite directions
3. Ships will move
4. Sun Moves (Right To Left)

Keyboard Interaction:

1. "C/c" Car move
2. "V/v" Car Stop
3. "S/s" Ship moves to terminal
4. "U" Speed Up car

Mouse Interaction:

1. Right Click Sun move
2. Left Click Sun Stop

Scene-3: Traffic Control

Objects:

1. Traffic Signal Pole
2. Red Light (circle)
3. Yellow Light (circle)
4. Green Light (circle)
5. Road (rectangle)
6. Road Divider (lines)
7. Zebra Crossing (white lines)
8. Footpath (rectangle)
9. Car-1 (simple rectangle + circle wheel)
10. Car-2
11. Bus (big rectangle)
12. Pedestrian-1 (stick man)
13. Pedestrian-2
14. Street Light
15. Sign Board

Animations:

1. Traffic signal changes automatically (Red → Yellow → Green)
2. Cars stop when the signal is red
3. Cars start moving when the signal is green
4. Bus moves at a slower speed than cars
5. Pedestrians cross the road using zebra crossing
6. Street lights turn on/off (day/night effect)
7. Blinking effect on yellow signal

Keyboard Interaction:

1. "T" → Change traffic signal manually
2. "S/s" → Start/Stop all vehicles
3. "P/p" → Toggle pedestrian movement
4. "L/l" → Turn Street lights on/off
5. "R" → Reset the scene

Mouse Interaction:

1. Left Click → Start or Stop traffic animation
2. Right Click → Change traffic signal instantly

Scene-4:**Scene to Scene Transition:**
